ELIGIBILITY FOR CLASSES

In the following definitions of classes 1st prizes or other prize wins are those gained in standard classes at any Kennel Club licensed championship agility, premier agility, open agility or limited agility shows (i.e. special classes and invitational events excepted).

Standard classes may be scheduled for agility shows, as Agility classes or Jumping classes. All standard classes must contain the weaving poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw. With this proviso classes are defined as follows:-

A maximum of 4 standard classes may be scheduled for any dog on an individual day of competition. Any number of special classes may be scheduled.

Class Structure. A class may either be held as a graded class or a combined class. A graded class may be scheduled for a maximum of 3 consecutive grades with separate results and awards issued for each grade. A combined class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each grade will be determined by the eligibility for the class as referenced in H(1)(A)11. Results from combined classes will only count towards progression from the dog's current grade.

To count for progression wins must be gained in standard classes at Kennel Club licensed agility shows.

Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Competitors will be allowed to walk the course set at small, medium, intermediate or large height without their dog(s) before the class begins.

Points Progression. At the handler's discretion a dog may progress up to grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.d refers). A minimum of 50 points must be gained in agility (not jumping) classes in the relevant grade. If this method of progression is selected, the handler must ensure the show secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

STANDARD CLASSES

Only 1st prizes and points gained in standard classes at Kennel Club licensed agility shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the 2 wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

Grade 1

Open to owners, handlers or dogs which have not gained a minimum of two 1st places at Grade 1 at Kennel Club licensed agility shows, at least one of which must have been gained in an agility (not jumping) class. *N.B Owners, handlers or dogs previously qualified out of Grade 1 are not eligible for this class.*

Grade 2

Championship Class (Kennel Club Championship Agility Certificate)

Open to dogs having qualified to compete in Grade 7 which have had 5 wins at Full Height in either Grade 6 or Grade 7, at least 3 of which must be gained in agility classes. To consist of 2 qualifying rounds of standard Kennel Club classes, 1 Agility Class and 1 Jumping Class, and a final round of Agility, to be held at the same show.

SPECIAL CLASSES

Societies may schedule classes other than those defined above as "special classes". The eligibility for "special" classes must be defined by the society and included in the schedule. The word "special" must be included in the title of the class. Where special classes are classified for older and/or inexperienced dogs, the height of the hurdles, the A-ramp, and the dog walk, and the length of the long jump, may be reduced below the dimensions specified in these regulations, in which case such dimensions must be included in the class definition in the show schedule.

Marking for special classes may deviate from marking for standard classes, but must be specified in the schedule. Wins, places and clear rounds in special classes will not count towards agility warrant points or grade progression at Kennel Club shows.

CRUFTS and DISCOVER DOGS AGILITY HEAT REGULATIONS 2022/2023

General Regulations

The following regulations apply to all Crufts and Discover Dogs qualifying agility competitions and heats.

All events must be judged under the appropriate Kennel Club regulations H & H (1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these regulations.

All heats must take place at Kennel Club licensed shows and the class name in the schedule should replicate exactly the name of the competition as stated in these regulations.

All Kennel Club supported competitions should be judged using standard marking.

If the entry for the heat exceeds The Kennel Club limit for a judge in a day, then the class will be equally split and another judge appointed for the second part. Qualifiers and points from that heat will be taken in equal proportion from each part.

Dogs entered in any heats must be eligible for the competition entered. Judges have the right to check the dog's Kennel Club agility Record Book to ensure the dog is running in the correct height category. Where points are accumulated throughout the year these will be allocated to the specific handler and dog partnership (no substitution of dog or handler may be made). If there is an equality of points after all the heat results have been calculated, the dog and handler partnership which has achieved the highest place at a heat will take preference in the final allocation of places.

An entry fee will be charged for each dog at Crufts and [Discover Dogs](#).

Note to show societies: All results from these heats must be sent to the Working Dog Activities Team at The Kennel Club within 14 days of the show date to this [email](#).

Crufts Singles Agility Competition 2022/2023

Qualifying heats will be scheduled as a standard combined class for grades 6 & 7. There will be a separate qualifying competition for each height category (small, medium, intermediate and large) with 11 heats for each height, held at Kennel Club licensed shows throughout the country.

Eligibility

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the final.

Qualifying

The first 10 placed dogs in each heat will have the following points awarded:

1st place = 10 points, 2nd place = 9 points etc. down to 10th place = 1 point. Qualifying points will be awarded down to 10th even if the show does not award class places down to 10th. The top 8 dogs from each height with the highest accumulation of points will be invited to compete in the Crufts Singles agility Finals at Crufts 2023. Please note that there will be an entry fee to compete in the final.

If a qualified handler or dog is unable/unfit to attend the final, reserves will be taken from dog/s with the highest number of points from the heats which have/has not qualified.

Administration

Note to show societies: In the event of awards at the show not going down to 10th place the Show Secretary must still record the top ten places (excluding eliminated dogs) and send the results to the Working Dog Activities Team at The Kennel Club within 14 days of the show to this [email](#).

All heats must take place at Kennel Club licensed shows and the class name in the schedule should replicate exactly the name of the competition as stated in these rules.

All Kennel Club supported competitions must be judged using standard marking.

If the entry for the heat exceeds 360 the class must be split into two equal parts. If the entry exceeds 540 the class must be split into three equal parts. No part, if split, may be less than 150 dogs. Rosettes and awards remain unchanged if the heat is split and will be given for each part.

Dogs entered in any heats must be eligible for the competition entered and judges retain the right to check the height of any dog or ask to see the height stated in The Kennel Club record book.

The handler that qualifies a dog for the quarter-final / semi-final / final will be the handler that competes, handler substitutions are not allowed.

Dogs cannot compete in more than one competition at The Kennel Club Agility Stakes finals. If a dog qualifies for more than one quarter-final or semi-final the first successful qualification will take precedence and the dog will be withdrawn from any further quarter/semi-finals and replaced by a reserve.

Once a dog has qualified for The Kennel Club Agility Stakes final, or as a reserve the handler is deemed to have accepted an offer to compete at The Kennel Club Agility Stakes final, it invalidates any reserve places in any other competition. If the first invitation to compete is declined it invalidates any reserve places in any other competition.

All winners of The Kennel Club Agility Stakes grand finals will be invited to compete in the following year's quarter-final or semi-final without qualifying through the usual procedure via heats.

(These rules would be amended if any changes are made to Kennel Club Agility regulations during the course of the competition year).

International Agility Festival Team Agility Competition (Special) 2022

All events must be judged under the appropriate Kennel Club regulations H & H (1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these regulations.

These competitions will be scheduled as a Special combined class for grades 1 to 7 with a separate qualifying competition for each height category.

There will be up to 8 separate heats for large, intermediate, medium and small height dogs at Kennel Club licensed shows throughout the country.

Eligibility

This event is open to teams from Kennel Club Registered and Listed Status clubs which, at the time of entry to the qualifying heat, have indicated in their Kennel Club registration details that they have an interest in agility or are an Agility Listed Status Club. Each

team entry will consist of 4 dogs from the same height category, with 4 different handlers, plus up to 2 reserves. Only dogs entered in the team or as reserves at the qualifying event will be permitted to compete for that team in the final should a change of dog be necessary. Only handlers that competed at the qualifying event or those listed as reserves will be permitted to compete for that team in the final should a handler be unable to compete. All team members must be members of the club at the time of qualifying for the International Agility Festival Team Final. Dogs do not have to be entered into any other class at a qualifying heat and a team entry will constitute acceptance of the Organising Club and Kennel Club Rules and Regulations.

Clubs may only qualify one team in each height category for the final at the International Agility Festival on Friday 12 August 2022.

Once a handler or dog has run for a Kennel Club Registered / Listed Status Club in the International Agility Festival Team Agility qualifying event they cannot run for another Kennel Club Registered / Listed Status Club in a qualifying event at the same height category during the qualifying year. (Handlers or dogs entered as reserves may run or be entered as reserves for a different team, provided they did not run in the original team's heat).

Competition Rules

The competition will be held under Kennel Club rules and regulations for Agility and any handler entering the competition will be deemed to abide by these rules and regulations. Jumps will be set at the standard height for each height of dog.

This is normally a team relay event involving a baton change between each dogs run. However due to Covid-19 there will be no baton changeover, and the event will be run as 4 individually scored runs following each other. The times and faults of each dogs run will be added together to produce a team score.

An elimination will incur a penalty of one hundred faults.

The total time of the team of four dogs must be recorded for marking purposes irrespective of the number of faults or eliminations that a team incur.

If any of the team members fail to complete the course or any of the team dogs fouls the ring the whole team will be disqualified.

Please note that some areas of marking for the International Agility Festival Team event differ from standard marking due to the fact that it is a relay class with cumulative marking and time.

Qualifying

The winners of each heat will be invited to the International Agility Festival final 2022 to compete in the small, medium, intermediate or large height finals. In the event that the winning team or club in a heat has already qualified for the final then the highest placed unqualified team in that heat will be invited to the final at the International Agility Festival.

If a team does not take up the invitation to compete in the final the invitation will be rolled down to the next applicable team from the relevant heat.

Administration

Note to show societies: The Show Secretary should record the top five placed teams and send the results to the Working Dog Activities Team at the Kennel Club within 14 days of the show by [email](#). These results should include the name of the team, name of the Registered / Listed Status club the team represents, team captain's name and address and the handlers, dogs and reserves in the team.
