ELIGIBILITY FOR CLASSES

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw. With this proviso classes are defined as follows:-

A maximum of four standard classes may be scheduled for any dog on an individual day of competition. Any number of special classes may be scheduled.

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for a maximum of three consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will be determined by the eligibility for the class as referred in H(1)(A)11. Results from Combined Classes will only count towards progression from the dog's current grade. To count for progression wins must be gained in standard Classes at Kennel Club Licensed Agility Shows. Only a first place with a clear round within the course time set by the judge will count towards grade progression.

Competitors will be allowed to walk the course set at Small, Medium, Intermediate or Large height without their dog(s) before the class begins. Hurdles may be raised/lowered during the course walking time if multiple heights are offered within the same class.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers). A minimum of 50 points must be gained in agility (not jumping) classes. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the two wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

SPECIAL CLASSES

Societies may schedule classes other than those defined above as "Special classes". The eligibility for "Special" classes must be defined by the Society and included in the schedule. The word "Special" must be included in the title of the class. Where special classes are classified for older and/or inexperienced dogs, the height of the hurdles, the A-ramp, the dog walk and the length of the long jump, may be reduced below the dimensions specified in these regulations, in which case such dimensions must be included in the class definition in the show schedule. Your dog is vulnerable and at risk during hot weather and the Kennel Club offers the following guidance to help guide you through the do's and don'ts travelling to and whilst at KC licensed events.

- When travelling to a show please take a moment to consider whether the route to the show is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.
- If your vehicle is not air-conditioned seriously consider whether travelling to the show is a good idea at all.
- The vehicle should be as fully ventilated as possible, and plenty of stops should be taken, with lots of water available to drink.
- Ensure your dog is not sitting in full sunlight. There should be plenty of free-flowing air around the dog.
- At the show, your dog is vulnerable and at risk if left in a vehicle in high temperatures.
- Keep the dog in the shade - take your own shade for example a large umbrella and always have plenty of water available to drink so your dog stays well hydrated.
- Avoid your dog taking part in unnecessary exertion or from standing in exposed sunlight for extended lengths of time.

Remember, if you feel hot your dog is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your dog's welfare.

Warning: if your dog is found to be at risk, forcible entry to your vehicle may be necessary without liability for any damage caused.

Anyone whose dog is entered at a Kennel Club licensed event should take all reasonable steps to ensure the needs of their dog(s) are met, and should not put a dog's health and welfare at risk by any action, default, omission or otherwise. Breach of Kennel Club Regulations in this respect may be referred to the General Committee for disciplinary action under Kennel Club Rules and Regulations.

Note: Children under the age of 11 are the responsibility of a Parent or Guardian and must be supervised at all times including when competing.

Right to Refuse Entries: Exhibitors/Competitors are reminded that show societies have the right under Kennel Club Regulation to refuse any entry.

COVID INCLUSION:

The Society will ensure to the best of its ability that the event is run to Covid Safe guidelines. It is your responsibility to ensure you comply with national and local restrictions including advice given about non-essential travel in and out of locally affected regions (which must not be ignored) – in the interests of the safety of all participants this may give rise to a short notice refusal of entry at the society's discretion. The Kennel Club will respect the society's exercise of its discretion.

If a competitor, or anyone in their household, has Covid-19 related symptoms or has tested positive for Covid-19 they must isolate in line with Government advice - www.nhs.uk/conditions/coronavirus-covid-19/self-isolation-and-treatment/when-to-self-isolate-and-what-to-do/ The competitor must not attend the event.

It is planned to hold this show under the government guidelines in force at the time of the event, however the club reserves the right to impose any restrictions they feel are required to ensure the safety of all involved.

Discover Dogs Small / Mixi Pairs Challenge (Special) 2021

This is a competition consisting of eight heats of jumping. The competition is open to small dogs, partnering a medium dog, intermediate dog or a large dog, and heats will be scheduled as a Special combined class for grades 1 to 7.

Eligibility

The competition is open to two dogs with separate handlers. One dog must be a small dog, 35cm or under at the withers, the partner can be a medium dog, over 35cm but 43cm or under at the withers, or an intermediate dog over 43cm and measuring 50cm or under at the withers, or a large dog over 50cm. Handlers with more than one dog may enter in more than one pair. However, they may only qualify a maximum of two dogs for the final. No substitute handlers will be allowed in the final.

Should a qualified dog or handler within a pair be unable/unfit to enter the final that pair will not be able to compete. Their place in the final will be offered to the next available pair with the highest points who have not qualified.

Competition Rules

The competition will be held under Kennel Club rules and regulations for Agility and any handler entering the competition will be deemed to have agreed to abide by these rules and regulations. Standard rules will apply and all equipment used shall be of a standard size for that height category.

This is normally a relay competition involving a baton change between each dogs run. However due to Covid-19 there will be no baton changeover and the event will be run as 2 individual scored runs following each other. The times and faults of each dogs run will be added together to produce a pairs score.

An elimination will incur a penalty of 100 faults. Once a dog has been eliminated it cannot incur further faults. However, if either member of the pair fail to complete the course or either of the dogs foul the ring the pair will be disqualified.

The competition will involve changes of height of the obstacles being jumped by the medium/intermediate/large dogs at two stages during the class. The judge will decide which height of dog to start with and will announce the changes of height when relevant. It is the competitors' responsibility to be available accordingly. The course will be walked by everyone before the beginning of the class.

The final will consist of two rounds of jumping competition. The winners of the Discover Dogs Small / Mixi Pairs will be the pair with the least combined faults in the fastest combined time calculated over the two rounds of the final. Discover Dogs will be held at Excel, London in 2021. Car parking will not be provided by the Kennel Club.

Qualifying

Points will be awarded to the specific pair (consisting of two handlers with their dogs) which competes at the heat. Points are not transferable between different pair combinations.

Pairs will score 15 points for 1st place down to 1 point for 15th place. Points will be accumulated over all eight heats and the 15 pairs with the most points will go through to the final at Discover Dogs 2021.

If a qualified handler or dog is unable/unfit to attend the final, reserves will be taken from dog/s with the highest number of points from the heats which have/has not qualified. The top fifteen dogs, with the most points, will be invited to a semi-final at Discover Dogs 2021. There will be a charge of £10 per dog. A maximum of three representatives of any one breed will be invited to the semi-final. This decision will be at the organisers' discretion. Discover Dogs will be held at Excel, London. Car parking will not be provided by the Kennel Club. The first eight highest placed dogs at the semi-final will be invited to compete in the finals to be held at Crufts Dog Show, NEC Birmingham in March 2022.

International Agility Festival Team Agility Competition (Special) 2021

All events must be judged under the appropriate Kennel Club regulations H & H (1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these regulations. These competitions will be scheduled as a Special combined class for grades 1 to 7 with a separate qualifying competition for each height category. There will be up to 8 separate heats for large, intermediate, medium and small height dogs at Kennel Club licensed shows throughout the country.

Eligibility

This event is open to teams from Kennel Club Registered and Listed Status clubs which, at the time of entry to the qualifying heat, have indicated in their Kennel Club registration details that they have an interest in agility or are an Agility Listed Status Club. Each team entry will consist of 4 dogs from the same height category, with 4 different handlers, plus up to 2 reserves. Only dogs entered in the team or as reserves at the qualifying event will be permitted to compete for that team in the final should a change of dog be necessary. Only handlers that competed at the qualifying event or those listed as reserves will be permitted to compete for that team in the final should a handler be unable to compete. All team members must be members of the club at the time of qualifying for the International Agility Festival Teams Final. Dogs do not have to be entered into any other class at a qualifying heat and a team entry will constitute acceptance of the Organising Club and Kennel Club Rules and Regulations. Clubs may only qualify one team in each height category for the final at the International Agility Festival on Friday 13th August 2021.

Afternote: Please note that due to Covid-19 cancelled heats there will be no Teams Final at the 2021 International Agility Festival. If your team qualify for the 2021 final, the qualification will be carried forward to the final at the 2022 The International Agility Festival. Once a handler or dog has run for a Kennel Club Registered / Listed Status Club in the International Agility Festival Team Agility qualifying event they cannot run for another Kennel Club Registered / Listed Status Club in a qualifying event at the same height category during the qualifying year. (Handlers or dogs entered as reserves may run or be entered as reserves for a different team, provided they did not run in the original team's heat).

Competition Rules

The competition will be held under Kennel Club rules and regulations for Agility and any handler entering the competition will be deemed to abide by these rules and regulations. Jumps will be set at the standard height for each height of dog. This is normally a team relay event involving a baton change between each dog run. However due to Covid-19 there will be no baton changeover, and the event will be run as 4 individually scored runs following each other. The times and faults of each dogs run will be added together to produce a team score. An elimination will incur a penalty of one hundred faults. The total time of the team of four dogs must be recorded for marking purposes irrespective of the number of faults or eliminations that a team incur. If any of the team members fail to complete the course or any of the team dogs fouls the ring the whole team will be disqualified. Please note that some areas of marking for the International Agility Festival Team event differ from standard marking due to the fact that it is a relay class with cumulative marking and time.

Qualifying

The winners of each heat will be invited to the International Agility Festival final 2021 to compete in the small, medium, intermediate or large height finals. In the event that the winning team or club in a heat has already qualified for the final then the highest placed unqualified team in that heat will be invited to the final at the International Agility Festival. If a team does not take up the invitation to compete in the final the invitation will be rolled down to the next applicable team from the relevant heat. Administration NOTE TO SHOW SOCIETIES: The Show Secretary should record the top five placed teams and send the results to the Working Dog Activities Team at the Kennel Club within 14 days of the show by email to: agility@thekennelclub.org.uk. These results should include the name of the team, name of the Registered / Listed Status club the team represents, team captain's name and address and the handlers, dogs and reserves in the team.
