The Kennel Club Agility Stakes

All events must be judged under the appropriate Kennel Club regulations H & H(1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these rules.

All heats must take place at Kennel Club licensed shows and the class name in the schedule should replicate exactly the name of the competition as stated in these rules.

All Kennel Club supported competitions must be judged using standard marking.

If the entry for the heat exceeds 360 the class must be split into two equal parts. If the entry exceeds 540 the class must be split into three equal parts. No part, if split, may be less than 150 dogs. Rosettes and awards remain unchanged if the heat is split and will be given for each part.

Dogs entered in any heats must be eligible for the competition entered and judges retain the right to check the height of any dog or ask to see the height stated in The Kennel Club record book.

The handler that qualifies a dog for the quarter-final / semi-final / final will be the handler that competes, handler substitutions are not allowed.

Dogs cannot compete in more than one competition at The Kennel Club Agility Stakes finals. If a dog qualifies for more than one quarter-final or semi-final the first successful qualification will take precedence and the dog will be withdrawn from any further quarter/semi-finals and replaced by a reserve.

Once a dog has qualified for The Kennel Club Agility Stakes final, or as a reserve the handler is deemed to have accepted an offer to compete at The Kennel Club Agility Stakes final, it invalidates any reserve places in any other competition. If the first invitation to compete is declined it invalidates any reserve places in any other competition.

All winners of The Kennel Club Agility Stakes grand finals will be invited to compete in the following year's quarter-final or semi-final without qualifying through the usual procedure via heats.

(These rules would be amended if any changes are made to Kennel Club Agility regulations during the course of the competition year).

Intermediate Dogs

This competition will be classified as combined grades 5-7 and judged under The Kennel Club's regulations for standard classes.

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the quarter-finals. However, only the competitor's highest placed dog at the quarter-finals will qualify for the semi-final.

Once a dog has qualified for the quarter-final, further heats may be entered for competition although any placings in these further heats will not affect the dog's eligibility for the quarter-final/semi-final.

The first five previously unqualified placed dogs from each heat will go forward to the quarter-finals. If the heat is split then three dogs will be taken from each part. The first 20 dogs from this quarter-final will qualify for the semi-Final held at The London International Horse Show.

The 20 dogs who qualify for The Kennel Club Intermediate Dog Agility Stakes will compete in a semi-final held at The London International Horse Show. The top ten highest placed dogs in the semi-final will qualify for the evening grand final held at The London International Horse Show (subject to the above).

Those dogs eligible to compete in intermediate dog agility competitions are those measuring over 430mm and measuring 500mm or under at the withers.

THE KENNEL CLUB LARGE DOG ABC AGILITY STAKES (2023)

Held at The London International Horse Show

Supported by Skinners

This competition will be classified as combined Grades 5-7 and judged under the Kennel Club Regulations for standard classes.

This competition is a special agility competition open to all dogs excluding Border Collies, Working Sheepdogs and any of their crosses. Any concerns should be recorded in the Incident Book and reported to the Kennel Club.

Those dogs eligible to compete in competition for Large dogs are those measuring over 500mm at the withers.

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the Semi-Final, however only the competitor's highest placed dog at the Semi-Final will qualify for the Grand Final. Once a dog has qualified for the Semi-Final/Final, further heats may be entered for competition although any placings in these further heats will not affect the dog's eligibility for the Semi-Final/Final.

The first three previously unqualified placed dogs from each heat will go forward to the Semi-Final at Vale View Equestrian, the first 10 dogs from this Semi-Final will qualify for the Final held at The London International Horse Show (subject to the above).

A maximum of two representatives of any one breed may be invited to the Final from the Semi-Final. This decision will be at the organiser's discretion.

International Agility Festival Team Agility Competition (Special) 2023

All events must be judged under the appropriate Kennel Club regulations H & H (1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these regulations.

These competitions will be scheduled as a Special combined class for grades 1 to 7 with a separate qualifying competition for each height category. There will be up to 8 separate heats for large, intermediate, medium and small height dogs at Kennel Club licensed shows throughout the country.

Eligibility

This event is open to teams from Kennel Club Registered and Listed Status clubs which, at the time of entry to the qualifying heat, have indicated in their Kennel Club registration details that they have an interest in agility or are an Agility Listed Status Club. Each team entry will consist of 4 dogs from the same height category, with 4 different handlers, plus up to 2 reserves. Only dogs entered in the team or as reserves at the qualifying event will be permitted to compete for that team in the final should a change of dog be necessary. Only handlers that competed at the qualifying event or those listed as reserves will be permitted to compete for that team in the final should a handler be unable to compete. All team members must be members of the club at the time of qualifying for the International Agility Festival Team Final. Dogs do not have to be entered into any other class at a qualifying heat and a team entry will constitute acceptance of the Organising Club and Kennel Club Rules and Regulations. Clubs may only qualify one team in each height category for the final at the International Agility Festival.

Once a handler or dog has run for a Kennel Club Registered / Listed Status Club in the International Agility Festival Team Agility qualifying event they cannot run for another Kennel Club Registered / Listed Status Club in a qualifying event at the same height category during the qualifying year. (Handlers or dogs entered as reserves may run or be entered as reserves for a different team, provided they did not run in the original team's heat).

Competition Rules

The competition will be held under Kennel Club rules and regulations for Agility and any handler entering the competition will be deemed to abide by these rules and regulations. Jumps will be set at the standard height for each height of dog.

It is a team relay event and a suitable baton should be used which must remain behind the start line at all times. When the dog/handler returns to the start/finish, there will be a baton change between the handlers. No part of the next dog/handler must be over the start line at the changeover; failure to observe this will incur a penalty of twenty faults.

An elimination will incur a penalty of one hundred faults, a dropped baton will incur a penalty of 20 faults.

The total time of the team of four dogs must be recorded for marking purposes irrespective of the number of faults or eliminations that a team incur.

If any of the team members fail to complete the course or any of the team dogs fouls the ring the whole team will be disqualified.

Please note that some areas of marking for the International Agility Festival Team event differ from standard marking due to the fact that it is a relay class with cumulative marking and time.

Qualifying

The winners of each heat will be invited to the International Agility Festival final 2023 to compete in the small, medium, intermediate or large height finals. In the event that the winning team or club in a heat has already qualified for the final then the highest placed unqualified team in that heat will be invited to the final at the International Agility Festival.

If a team does not take up the invitation to compete in the final the invitation will be rolled down to the next applicable team from the relevant heat.

Administration

NOTE TO SHOW SOCIETIES: The Show Secretary should record the top five placed teams and send the results to the Working Dog Activities Team at the Kennel Club within 14 days of the show by email to: agility@thekennelclub.org.uk. These results should include the name of the team, name of the Registered / Listed Status club the team represents, team captain's name and address and the handlers, dogs and reserves in the team.

ELIGIBILITY FOR CLASSES

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw. With this proviso classes are defined as follows:-

A maximum of four standard classes may be scheduled for any dog on an individual day of competition. Any number of special classes may be scheduled.

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for a maximum of three consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will be determined by the eligibility for the class as referred in H(1)(A)11. Results from Combined Classes will only count towards progression from the dog's current grade. To count for progression wins must be gained in standard Classes at Kennel Club Licensed Agility Shows. Only a first place with a clear round within the course time set by the judge will count towards grade progression.

Competitors will be allowed to walk the course set at Small, Medium, Intermediate or Large height without their dog(s) before the class begins.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers). A minimum of 50 points must be gained in agility (not jumping) classes. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the two wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

Grade 1

SPECIAL CLASSES

Societies may schedule classes other than those defined above as "Special classes". The eligibility for "Special" classes must be defined by the Society and included in the schedule. The word "Special" must be included in the title of the class. Where special classes are classified for older and/or inexperienced dogs, the height of the hurdles, the A-ramp, the dog walk and the length of the long jump, may be reduced below the dimensions specified in these regulations, in which case such dimensions must be included in the class definition in the show schedule.

Marking for special classes may deviate from marking for standard classes, but must be specified in the schedule. Wins, places and clear rounds in special classes will not count towards agility warrant points or grade progression at Kennel Club shows.

Anysize Open to all dogs not entered in any other class at the show, except any other Anysize class. It is particularly suitable for inexperienced dogs or handlers and those dogs that are unable to compete at their full height. The classes will have no weaves, tyre or contact equipment and the course will be very simple and flowing. Handlers may elect to jump their dog at micro, small or medium height, all heights compete for the same awards. Wins, places and clear rounds in these classes will not count towards agility warrant points or grade progression at Kennel Club shows.

This shall apply at the venue and within the precincts of the show.

40. Training will not be permitted in the ring before, during or after the show.

Your dog is vulnerable and at risk during hot weather and the Kennel Club offers the following guidance to help guide you through the do's and don'ts travelling to and whilst at KC licensed events.

- When travelling to a show please take a moment to consider whether the route to the show is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.
- If your vehicle is not air-conditioned seriously consider whether travelling to the show is a good idea at all.
- The vehicle should be as fully ventilated as possible, and plenty of stops should be taken, with lots of water available to drink.
- Ensure your dog is not sitting in full sunlight. There should be plenty of free-flowing air around the dog.
- At the show, your dog is vulnerable and at risk if left in a vehicle in high temperatures.
- Keep the dog in the shade – take your own shade for example a large umbrella and always have plenty of water available to drink so your dog stays well hydrated.
- Avoid your dog taking part in unnecessary exertion or from standing in exposed sunlight for extended lengths of time.

Remember, if you feel hot your dog is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your dog's welfare.

Warning: if your dog is found to be at risk, forcible entry to your vehicle may be necessary without liability for any damage caused.

Anyone whose dog is entered at a Kennel Club licensed event should take all reasonable steps to ensure the needs of their dog(s) are met, and should not put a dog's health and welfare at risk by any action, default, omission or otherwise. Breach of Kennel Club Regulations in this respect may be referred to the General Committee for disciplinary action under Kennel Club Rules and Regulations.
