## ELIGIBILITY FOR CLASSES

In the following definitions of classes 1<sup>st</sup> prizes or other prize wins are those gained in standard classes at any Kennel Club licensed championship agility, premier agility, open agility or limited agility shows (i.e. special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for agility shows, as agility classes or jumping classes. All standard classes must contain the weaving poles obstacle. Standard agility classes must contain the following elements: "A Ramp", dog walk and see-saw. With this proviso classes are defined as follows:

A maximum of four standard classes may be scheduled for any dog on an individual day of competition. Any number of special classes may be scheduled.

**Class Structure.** A class may either be held as a graded class or a combined class. A graded class may be scheduled for a maximum of three consecutive grades with separate results and awards issued for each grade. A combined class may be scheduled for more than one consecutive grade with one overall set of results.

**Progression.** Progression from each grade will be determined by the eligibility for the class as referenced in H(1)(A)11. Results from combined classes will only count towards progression from the dog's current grade. To count for progression wins must be gained in standard classes at Kennel Club licensed agility shows. Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Competitors will be allowed to walk the course set at small, medium, intermediate or large height without their dog(s) before the class begins.

**Points Progression.** At the handler's discretion a dog may progress up to grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers). A minimum of 50 points must be gained in agility (not jumping) classes in the relevant grade. If this method of progression is selected, the handler must ensure the show secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade. Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

### **STANDARD CLASSES**

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the two wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

#### **Grade 1**

Open to owners, handlers or dogs which have not gained a minimum of two first places at Grade 1 at Kennel Club Licensed Agility Shows, at least one of which must have been gained in an agility (not jumping) class. N.B Owners, handlers or dogs previously qualified out of Grade 1 are not eligible for this class.

#### **Grade 2**

Open to dogs which are not eligible for Grade 1 or have elected to progress on points from Grade 1 and are not eligible for Grades 3, 4, 5, 6, or 7.

#### **Grade 3**

Open to dogs which have gained a minimum of two first places at Grade 2 at Kennel Club Licensed Agility Shows, one of which must have been gained in an agility (not jumping) class, or have elected to progress on points from Grade 2 and are not eligible for Grades 2, 4, 5, 6 or 7.

#### **Grade 4**

Open to dogs which have gained a minimum of three first places at Grade 3 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping classes), or have elected to progress on points from Grade 3 and are not eligible for Grades 2, 3, 5, 6 or 7

#### **Grade 5**

Open to dogs which have gained a minimum of four first places at Grade 4 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 6 or 7

#### **Grade 6**

Open to dogs which have gained a minimum of four first places at Grade 5 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 5 or 7.

#### **Grade 7**

Open to dogs which have gained a minimum of five first places at Grade 6 at Kennel Club Licensed Agility Shows, three of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 5 or 6.

### **SPECIAL CLASSES**

Societies may schedule classes other than those defined above as "Special classes". The eligibility for "Special" classes must be defined by the Society and included in the schedule. The word "Special" must be included in the title of the class. Where special classes are classified for older and/or inexperienced dogs, the height of the hurdles, the A-ramp, and the dog walk, and the length of the long jump, may be reduced below the dimensions specified in these regulations, in which case such dimensions must be included in the class definition in the show schedule.

Marking for special classes may deviate from marking for standard classes, but must be specified in the schedule. Wins, places and clear rounds in special classes will not count towards agility warrant points or grade progression at Kennel Club shows.

All events must be judged under the appropriate Kennel Club regulations H & H(1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these regulations.

All heats must take place at shows licensed by [The Kennel Club](#) and the class name in the schedule should replicate exactly the name of the competition as stated in these regulations.

All competitions supported by [The Kennel Club](#) should be judged using standard marking.

If the entry for the heat exceeds [The Kennel Club's](#) limit for a judge in a day, then the class will be equally split and another judge appointed for the second part. Qualifiers and points from that heat will be taken in equal proportion from each part.

Dogs entered in any heats must be eligible for the competition entered. Judges have the right to check the dog's Kennel Club agility record book to ensure the dog is running in the correct height category. Where points are accumulated throughout the year, these will be allocated to the specific handler and dog partnership (no substitution of dog or handler may be made). If there is an equality of points after all the heat results have been calculated, the dog and handler partnership which has achieved the highest place at a heat will take preference in the final allocation of places.

An entry fee will be charged for each dog at [Crufts](#) and [Discover Dogs](#).

## Discover Dogs Small / Mixi Pairs Challenge (Special) 2022/2023

This is a competition consisting of eight heats of jumping. The competition is open to small dogs, partnering a medium dog, intermediate dog or a large dog, and heats will be scheduled as a special combined class for grades 1 - 7.

### Eligibility

The competition is open to two dogs with separate handlers. One dog must be a small dog, 35cm or under at the withers, the partner can be a medium dog, over 35cm but 43cm or under at the withers, or an intermediate dog over 43cm and measuring 50cm or under at the withers, or a large dog over 50cm.

Handlers with more than one dog may enter in more than one pair. However, they may only qualify a maximum of two dogs for the final. No substitute handlers will be allowed in the final.

Should a qualified dog or handler within a pair be unable/unfit to enter the final that pair will not be able to compete. Their place in the final will be offered to the next available pair with the highest points who have not qualified.

### Competition rules

The competition will be held under Kennel Club rules and regulations for agility and any handler entering the competition will be deemed to have agreed to abide by these rules and regulations. Standard rules will apply and all equipment used shall be of a standard size for that height category.

This is a relay competition with a baton change taking place either in a box or behind a line at the judges' discretion.

No part of the next dog/handler must be over the start line at the changeover; failure to observe this will incur a penalty of 20 faults.

An elimination will incur a penalty of 100 faults, a dropped baton will incur a penalty of 20 faults. Once a dog has been eliminated it cannot incur further faults. However, if either member of the pair fail to complete the course or either of the dogs foul the ring the pair will be disqualified.

The competition will involve changes of height of the obstacles being jumped by the medium/intermediate/large dogs at two stages during the class. The judge will decide which height of dog to start with and will announce the changes of height when relevant. It is the competitors' responsibility to be available accordingly. The course will be walked by everyone before the beginning of the class.

The final will consist of two rounds of jumping competition. The winners of the [Discover Dogs](#) small / mixi pairs will be the pair with the least combined faults in the fastest combined time calculated over the two rounds of the final. [Discover Dogs](#) will be held at Excel, London. Car parking will not be provided by [The Kennel Club](#). Please note there will be an entry fee to compete in the final.

### Qualifying

Points will be awarded to the specific pair (consisting of two handlers with their dogs) which competes at the heat. Points are not transferable between different pair combinations.

Pairs will score fifteen points for 1<sup>st</sup> place down to one point for 15<sup>th</sup> place. Points will be accumulated over all eight heats and the 15 pairs with the most points will go through to the final at [Discover Dogs](#) 2022.

## International Agility Festival Team Agility Competition (Special) 2022

All events must be judged under the appropriate Kennel Club regulations H & H (1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these regulations.

These competitions will be scheduled as a Special combined class for grades 1 to 7 with a separate qualifying competition for each height category.

There will be up to 8 separate heats for large, intermediate, medium and small height dogs at Kennel Club licensed shows throughout the country.

### Eligibility

This event is open to teams from Kennel Club Registered and Listed Status clubs which, at the time of entry to the qualifying heat, have indicated in their Kennel Club registration details that they have an interest in agility or are an Agility Listed Status Club. Each team entry will consist of 4 dogs from the same height category, with 4 different handlers, plus up to 2 reserves. Only dogs entered in the team or as reserves at the qualifying event will be permitted to compete for that team in the final should a change of dog be necessary. Only handlers that competed at the qualifying event or those listed as reserves will be permitted to compete for that team in the final should a handler be unable to compete. All team members must be members of the club at the time of qualifying for the International Agility Festival Team Final. Dogs do not have to be entered into any other class at a qualifying heat and a team entry will constitute acceptance of the Organising Club and Kennel Club Rules and Regulations.

Clubs may only qualify one team in each height category for the final at the International Agility Festival on Friday 12 August 2022.

Once a handler or dog has run for a Kennel Club Registered / Listed Status Club in the International Agility Festival Team Agility qualifying event they cannot run for another Kennel Club Registered / Listed Status Club in a qualifying event at the same height category during the qualifying year. (Handlers or dogs entered as reserves may run or be entered as reserves for a different team, provided they did not run in the original team's heat).

## Competition Rules

The competition will be held under Kennel Club rules and regulations for Agility and any handler entering the competition will be deemed to abide by these rules and regulations. Jumps will be set at the standard height for each height of dog.

This is normally a team relay event involving a baton change between each dogs run. However due to Covid-19 there will be no baton changeover, and the event will be run as 4 individually scored runs following each other. The times and faults of each dogs run will be added together to produce a team score.

An elimination will incur a penalty of one hundred faults.

The total time of the team of four dogs must be recorded for marking purposes irrespective of the number of faults or eliminations that a team incur.

If any of the team members fail to complete the course or any of the team dogs fouls the ring the whole team will be disqualified. Please note that some areas of marking for the International Agility Festival Team event differ from standard marking due to the fact that it is a relay class with cumulative marking and time.

### Qualifying

The winners of each heat will be invited to the International Agility Festival final 2022 to compete in the small, medium, intermediate or large height finals. In the event that the winning team or club in a heat has already qualified for the final then the highest placed unqualified team in that heat will be invited to the final at the International Agility Festival.

If a team does not take up the invitation to compete in the final the invitation will be rolled down to the next applicable team from the relevant heat.

## **RULES 2022**

All events must be judged under the appropriate Kennel Club regulations H & H(1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these rules.

All heats must take place at Kennel Club licensed shows and the class name in the schedule should replicate exactly the name of the competition as stated in these rules.

All Kennel Club supported competitions must be judged using standard marking.

If the entry for the heat exceeds 360 the class must be split into two equal parts. If the entry exceeds 540 the class must be split into three equal parts. No part, if split, may be less than 150 dogs. Rosettes and awards remain unchanged if the heat is split and will be given for each part.

Dogs entered in any heats must be eligible for the competition entered and judges retain the right to check the height of any dog or ask to see the height stated in The Kennel Club record book.

The handler that qualifies a dog for the quarter-final / semi-final / final will be the handler that competes, handler substitutions are not allowed.

Dogs cannot compete in more than one competition at The Kennel Club Agility Stakes finals. If a dog qualifies for more than one quarter-final or semi-final the first successful qualification will take precedence and the dog will be withdrawn from any further quarter/semi-finals and replaced by a reserve.

Once a dog has qualified for The Kennel Club Agility Stakes final, or as a reserve the handler is deemed to have accepted an offer to compete at The Kennel Club Agility Stakes final, it invalidates any reserve places in any other competition. If the first invitation to compete is declined it invalidates any reserve places in any other competition.

All winners of The Kennel Club Agility Stakes grand finals will be invited to compete in the following year's quarter-final or semi-final without qualifying through the usual procedure via heats.

(These rules would be amended if any changes are made to Kennel Club Agility regulations during the course of the competition year).

### The Kennel Club Small Agility Stakes

This competition will be classified as small dog combined grades 5-7 and judged under The Kennel Club regulations for standard classes.

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the semi-final, however, only the competitor's highest placed dog at the Semi-Final will qualify for The Kennel Club Agility Stakes grand final.

Once a dog has qualified for the semi-final / final, further heats may be entered for competition although any placings in these further heats will not affect the dog's eligibility for the semi-final / finals.

Those dogs eligible to compete in competition for small dog agility are those measuring 350mm or under at the withers.

The first three previously unqualified placed dogs from each heat will go forward to the semi-final. The first ten dogs from this semi-final will qualify for the final held at The London International Horse Show (subject to the above).
